Summary	Navigation buttons on the main page are not localized	The "Buy" icon covers the first letters of the menu section names on all pages	There are no requirements for fields for delivery	Non-diskable phone number for contacting website representatives	The "Add to favorites" button on Windows	The "Buy" button is moved
Pre-conditions	https://pandaopt.com/ua/uk/	https://pandaopt.com/ua/uk/	https://pandaopt.com/ua/uk/	https://pandaopt.com/ua/uk/	https://pandaopt.com/ua/uk/	https://pandaopt.com/ua/uk/
Steps	Open the https://pandaopt.com/ua/uk/ Click the "UA" button	Open https://pandaopt.com/ua/uk/ Scroll down Scroll up Scroll down	Add any item into the shopping cart Fill in all fields with personal information with valid values Fill in all fields with delivery information with non-existent values	Click on the phone number in the upper right corner Scroll down until you see "Contact Us" on the left side Click on the phone number there	Open https://pandaopt.com/ua/uk/ on Android Choose the product you like Click on the "Add to the favourites" button (in the form of a red unpainted heart) Repeat the steps on Windows	Open the main page Choose the product you like Look at the "Buy" button Click on any menu section Choose the product you like Look at the "Buy" button
Expected result	The pages are translated into Ukrainian	We can move "Buy" on the right	We cannot enter non-existent values	We are redirected to our phone or another app to make calls right away	We can add products to the favourites as well as we add them on Android	All text and buttons are on the same level
Actual result	The pages are not translated into Ukrainian	We cannot move that annoying "Buy"	We managed to place an order to a non-existent address	We click but stay on the same page, nothing happens	There's no "Add to the favourites" button (in the form of a red unpainted heart)	The "Buy" buttons are located at different levels
